Kira Golden needed a job, and just about anything would do. When she walked up the steps of the imposing Enkidu Industries building, she thought she'd just be interviewing for the receptionist position. She never expected to come face to face with a naked man.

Parker Bernier is a world-famous entrepreneur, and he has the ego that goes with it. Nothing seems out of bounds for the handsome blond billionaire, and he's not afraid to do what it takes to have his way. That includes having his way with Kira's body.

Captivated by his skill and charm, Kira finds herself giving him more than her body. There's another man after her heart though, and he's not about to give up. When secret lovers come to light, there's no way of knowing if Parker's feelings are sincere, or if he's just setting Kira up to fall.

This book was part of the Red Hot Alphas Boxed Set. If you previously purchased the boxed set, then you already own this novel.

Mixed Up is a stand alone novel that does not end in a cliffhanger.
