Senhora é um romance urbano do escritor brasileiro **José de Alencar**, publicado em 1875, na forma de folhetim.

Na narrativa, o autor mostra a hipocrisia da sociedade fluminense durante o Segundo Império. Através do romance entre Aurélia Camargo e Fernando Seixas, ele leva o leitor a refletir a respeito da influência do dinheiro nas relações amorosas e, principalmente, sua influência nos casamentos da época.

O romance divide-se em quatro partes, que correspondem às etapas de uma transação comercial: Preço, Quitação, Posse e Resgate.
